GROUPS & INCENTIVE JOURNEYS

Our expertise

Big or small, we do it all

The more the merrier – we curate extraordinary journeys to suit all group sizes.

Our range of group itineraries and packages, incentive journeys and experiences offer the unrivalled opportunity to enjoy behind-the-scenes access to exceptional adventures and to interact directly with subject matter experts on a variety of topics. Whether it's a family reunion, friendcation, or company retreat, we seamlessly customise group tours to suit all, encouraging travellers to explore a destination in the company of like-minded guests.

1

SPECIALISED TRAVEL

Group travel is tailored specifically for groups of eight travellers or more, designed to provide one-of-a-kind moments for explorers who share a niche passion. We've recognised that some guests may have special interests that range beyond the usual twice-daily game drives or city tour; meaning that our stable of specialist and private guides are able to offer adventures that are tailored around a group's specific pursuits, such as a photographic safari, cultural, gastronomic or historical tour, and astronomy or birding (to name only a few).

2

UNIQUE TRAVEL

Gone are the days of single-mode transport. Elevate your experience with our personalised transport solutions. Choose from private charters, helicopters, or coach transfers to suit your group's unique needs and interests.

3

EDUCATIONAL TRAVEL

The continents of Africa, Asia, South America and Antarctica offer an abundance of attractions and activities to explore, discover and learn. Our tours focus on creating meaningful and enriching experiences as well as insider perspectives led by our team of world-class guides, rangers and local experts. We can also organise special lectures or workshops with industry experts and key conservationists adding an additional layer to any specialised group experience.

4

INCENTIVE TRAVEL

One of the most overlooked benefits of group incentives is the good feeling that naturally develops between teammates. This is an unforgettable reward given to a group of employees who achieve something together. Our dedicated team of travel consultants are experienced in providing the ideal solution, from daytrips and team building exercises to specialised events and gala evenings, for tailormade group travel, including the right venue and entertainment or sporting options.

Group explorations beyond the expected

Our journeys are all about making dreams come true (even the impossible ones). We have a wealth of experience creating unforgettable journeys that range from curated small group journeys and packages to exclusive private jet and yacht experiences.

ADVENTURE

Embark on a once-in-a-lifetime journey with us. Perfect for travellers with a keen sense for exploring outside of their comfort zones, our adventures take guests into the heart of remote, pristine destinations to discover a new world of exciting cultural interactions, thrilling activities, and awe-inspiring wildlife encounters.

CULINARY

Great food and wine, and great company, create exceptionally memorable times. Sharing a meal, especially one that's enjoyed in a far-flung destination, offers the opportunity to connect unlike any other. Our destinations aren't just selected by what our guests can see but also by what they can taste. Explore our range of culinary journeys that promise to taunt the tastebuds...

CULTURE

From meeting Maasai warriors in Tanzania and enjoying a farmhouse visit in Bhutan, to exploring Jodhpur's bazaars in India or immersing a group in the traditions of Uros Island's inhabitants in Peru; what better way to experience a new destination than by learning about it from its people.

IMPACT

For those who yearn for travel that makes a difference, we are able to tailor make experiences that delve deep into the heart of conservation, including little-known aspects such as community development and its role in protecting the environment.

GROUPS & INCENTIVE JOURNEYS

What we do

PHOTOGRAPHY

Designed solely for photographic enthusiasts, our selection of picture-perfect journeys will take groups to off-the-beaten track destinations as well as unmissable, popular attractions with expert photographic guides ensuring they get the best snapshots.

WILDLIFE

Don't limit your wildlife experience to a 4x4 safari (although a game drive in Africa, Asia or South America is truly once-in-a-lifetime), our selection of group adventures expands across savannas to mountains, oceans, jungles, lakes, and rivers. Whether it's a boat expedition in Argentina's Ibera Wetlands or gorilla tracking in Uganda's Bwindi Impenetrable National Park – there's a wildlife adventure for all.

WELLNESS

From luxurious spa treatments and yoga classes to meditation sessions and holistic healing remedies – a journey with 8Beyond will undoubtedly leave you feeling pampered, refreshed and healthier. But we'd like to suggest that our approach to travel with purpose will provide you with unforgettable encounters that remind you what it means to be in touch with your original self.

Testimonies

“ Inspirato has been working with &Beyond over the past four years for our group experiential travel programmes. From an operational perspective, &Beyond has always provided us with well thought-out group programmes that include one-of-a-kind programming for our affluent members.

&Beyond ensures every detail is planned from start to finish, which is comforting when handling so many programmes. They are always quick to answer our questions and always available to walk us through any unique situations. During the COVID-19 pandemic, &Beyond has gone above and beyond (no pun intended) to postpone our 2020 programs to 2021. They were able to secure highly sought-after inventory for our groups before everyone else to ensure our members had options during these ever-changing times.

Our members continually rave about the accommodations, itineraries, and on-site service that they experience when travelling with Inspirato and &Beyond. We look forward to our continued partnership and providing Inspirato members with first-class safari experiences in the future.

”

“ Having worked with the Groups Department of &Beyond for years, I am proud to sing their praises. Their dedication to each and every one of our group departures is impeccable. Each guest is treated as the unique individual they are, with the added special attention of being part of our group as well.

We see &Beyond as more than a partner, they are an extension of Tauck and represent our company in every service they provide. Happily they never disappoint and are among the highest rated properties we use on some of our highest rated journeys. The Groups Department is always efficient and professional as well as flexible and welcoming. I count them as both colleagues and friends and am delighted our relationship continues to grow.
