From here, travel to Company Gardens, set up in the 17th century as a fresh produce garden used to supply ships stopping in the harbour and now home to the SA Museum, Cultural History Museum, Houses of Parliament, National Gallery and St George's Cathedral. Next, witness one of Cape Town's oldest traditions as you head up to Signal Hill for the firing of the noonday gun. Taking place every day except Sundays, this involves the firing of the world's oldest cannons charged by gunpowder that are still in daily use. Originally intended to provide a time signal for ships anchored in the bay, this maritime tradition continues to this day. From here, you will visit the traditional Malay Quarter, situated in the predominantly Muslim Bo-Kaap. Day 10:

You will be collected from Grootbos Private Nature Reserve and driven to Grootbos Private Nature Reserve.

Morning activity (January to May): Eco Marine Trip

Depart on an Eco Marine Trip. This 1 to 2 hour journey takes you to Dyer Island and the adjacent coast. We frequently see Dolphins along the beach. At Dyer Island we will look for interesting sea birds such as African Penguins, Terns, Cormorants, Petrels and Oystercatchers. A narrow channel known as Shark Alley separates Dyer Island and Geysers Rock, home to a colony of 60 000 Cape Fur Seals. This is a world-renowned location for viewing and cage diving with Great White Sharks. Please note that the duration of a transfer between Cape Town and Gansbaai (at an additional charge) would be approximately 2 hours in each direction.

Morning activity (June - December): Whale Watching Trip

You will depart on a Whale Watching Trip. Whales won't be the only things you'll see on this unforgettable 2 hour adventure. Your boat will launch in the quaint harbour of Kleinbaai, in Gansbaai, and will make its way toward the Pearly Beach area which is home to the southern right whale. Afterwards, you will venture towards renowned Dyer Island for excellent penguin and seabird viewing, and then to Geysers Rock to view the curious antics of Cape fur seals. Between these two islands is the notorious shark alley where you may be fortunate enough to view the spectacular great white shark.

Afternoon activity: African Seabird and Penguin Sanctuary

The African Penguin & Seabird Sanctuary (APSS) is a Dyer Island Conservation Trust (DICT) project based in Gansbaai. A state of the art facility, designed and built by passionate experts, that strives to provide local marine avian species with a local rehabilitative centre where injured, diseased or distressed birds can be treated and rehabilitated. Although the facility was purpose built for rehabilitation of marine birds, it also caters for creating awareness around the perils marine birds face out in the wild. An Auditorium equipped with a big screen TV, which is linked up to the Rehabilitation area and the Bird Hospital, enables guests who visit the facility to see what is being done behind the scenes. This prevents added stress on the birds in rehabilitation by minimizing the amount of people allowed in the critical areas. The Auditorium has one way glass overlooking the Conditioning Pen - where visitors can watch birds in final preparation for release without any disturbance or interference. The greatest care is taken with cleanliness and special flooring is used in the rehabilitation area to avoid a condition called bumblefoot that penguins are susceptible to. A curio shop selling penguin curios is on site. Coffee and cake is available. All purchases in this regard help support the sanctuary. Entrance is free. The sanctuary depends heavily on

donations and a sponsorship brick can be purchased to contribute to the centre with tiered levels of support.

- Marine Big 5 Tour or Whale Watching Trip (depending on season)
- African Seabird and Penguin Sanctuary
